

Application under Part 2 (5) (1) of The Neighbourhood Planning (General) Regulations 2012 for the designation of a Neighbourhood Area.

The Polperro Community Council give notice that they wish to make an application under Part 2 (5) (1) of The Neighbourhood Planning (General) Regulations 2012 for the designation of a Neighbourhood Area for the Neighbourhood Development Plan.

The application is accompanied by a map (below) identifying the area to which the application relates, being the entire area of Lansallos Parish.

This area is considered appropriate to be designated as a neighbourhood area for the following reasons:

During June 2015 a working party arranged two public meetings which were advertised throughout the parish, which confirmed that the local community would like to proceed with a Neighbourhood Development Plan. At its July 2015 meeting the Polperro Community Council has formally resolved to support the community's wishes and we consider that the whole of the parish of Lansallos, including both the village of Polperro and its surrounding communities, is the most appropriate area to be covered by the plan.

The Polperro Community Council is the relevant body for the purposes of section 61G of the 1990 Town and Country Planning Act being the parish council for the entire area applied for.
