

# Cornwall Council Environment Asset List

This list is as known at May 2016, however it is not considered to be a definitive list.

<b>Definitions of categories with Cornwall Council's preferred asset ownership and management status</b>	
1. Retained in Council Ownership and Management	The Council, with consideration of risk profiles and financial impacts, retains the freehold and primary management responsibilities for an asset due to its significant strategic function, commercial opportunities (current and potential income) or strategic importance.
2. Retained in Council Ownership but managed by others	The Council retains ownership of a site due to the strategic function, commercial opportunities, regional/ national importance. The management of the site is transferred to a third party (this could be a commercial partner, third sector or other) through a lease or management agreement. This will also include assets which are leased out commercially and require the tenant to repair and maintain the asset and provide the Council with a rent from the tenancy.
3. Devolution, Ownership and Management	The Council devolves the freehold or leasehold of the site and the on-going repair/ management is then arranged separately by the new owner of the site.

## The list consists of:

- **Public Open Spaces**
- **Beaches**
- **Natural greenspace**
- **Heritage sites**
- **Churchyards and cemeteries**

## Public Open Spaces

Name	Retained in Council Ownership and Management	Retained in Council Ownership with a Devolved Management	Devolution, Ownership and Management	Area	Town/Parish
Hillside Park Play Area			√	Hillside Park	Bodmin
