

## **Proposal for the establishment of the Care Homes and Care at Home Partnership**

Current other Fora:

What are the different fora for Council & CCG to work with the care home and home care sectors:

- Quality & Safeguarding organised by CCG and Council for this focus; can we understand that this includes both care homes and domiciliary care providers; to cover all age;
- 'Cornwall Council' All provider social care forum' – prevention; day services; care home and domiciliary care providers; voluntary sector providers; information giving forum; training sessions; workshops; also potentially market development; request to all providers to review what the forum provides and will be bringing this back to group. This will focus on market development.
- Housing discussions with providers for people with mental health and learning disabilities

### **Proposed Terms of Reference Care Homes and Care at Home Partnership**

#### ***Membership:***

Representation from care homes and home care

Service users input & families/carers input

KCCG

Cornwall Council
