

A38 Route Based Strategy 2015 - 2050

Working in partnership with Cornwall Council on further improvements to the A38 to support Cornwall's economic growth.

Wider connectivity

- ✓ A38 connections to Plymouth, South West, the South and London.
- ✓ Increased resilience

Carminow junction 1

Status: Build missing links between A38 and A30 / Delays on local road network. Feasibility.

Objective: Developer led

Output: Facilitates Bodmin growth

Cost: TBA

E

Bodmin Parkway Station 2

Status: 5 years (from prelim design to completion)

Objective: Need to coordinate with Cornwall Council regarding rail link improvements / Improve accessibility

Output: Removal of existing T-junction replaced by a 3 arm roundabout, new bridge and section of road to re-align to the A38

Cost: £10.1m (2016 prices)

A

Minor road junctions 3

Status: Access rationalisation / Turning movement issues

Objective: Improve visibility

Output: Localised widening/safety improvements

Cost: TBA

D

Twelwwoods roundabout 4

Status: Investigate options

Objective: Provide dedicated through lane eastbound. Technology.

Output: Capacity.

Cost: TBA

D

Island Shop 5

Status: Year 2020. Junction amendments.

Objective: E/b off slip improvements

Output: Increased capacity

Cost: £1.1m

D

Lean Quarry /Menheniot Jct 6

Status: Year 2021 / Improve safety

Objective: Close centre reserve gaps towards Liskeard / Provide grade separated junction and local road links

Output: Programmed for further delivery work in 2018/19 / Delivery through designated funds

Cost: £14.2m

E

Polmarkyn railway arch bridge 7

Status: Improve safety

Objective: High vehicles use centre of the road junction and local road links

Output:

Cost: TBA

D

Tideford 8

Status:

Objective: Address community severance and air quality

Output: TBA

Cost: TBA

D

Project Title: Landrake 9

Status:

Objective: Address community severance and air quality

Output:

Cost: TBA

A

A38 Trerulefoot to Carkeel 10

Status: Whole route study

Objective: Address community severance

Output:

Cost: TBA

A

Stoketon Junction 11

Status: Year 2020 / Planning condition for Broadmoor Farm

Objective: Consider an alternative link to A388 to relieve congestion at Carkeel / Reduce traffic through Carkeel Village

Output: Facilitates development of houses / £7m bid for Designated Funds

Cost: £13m

E

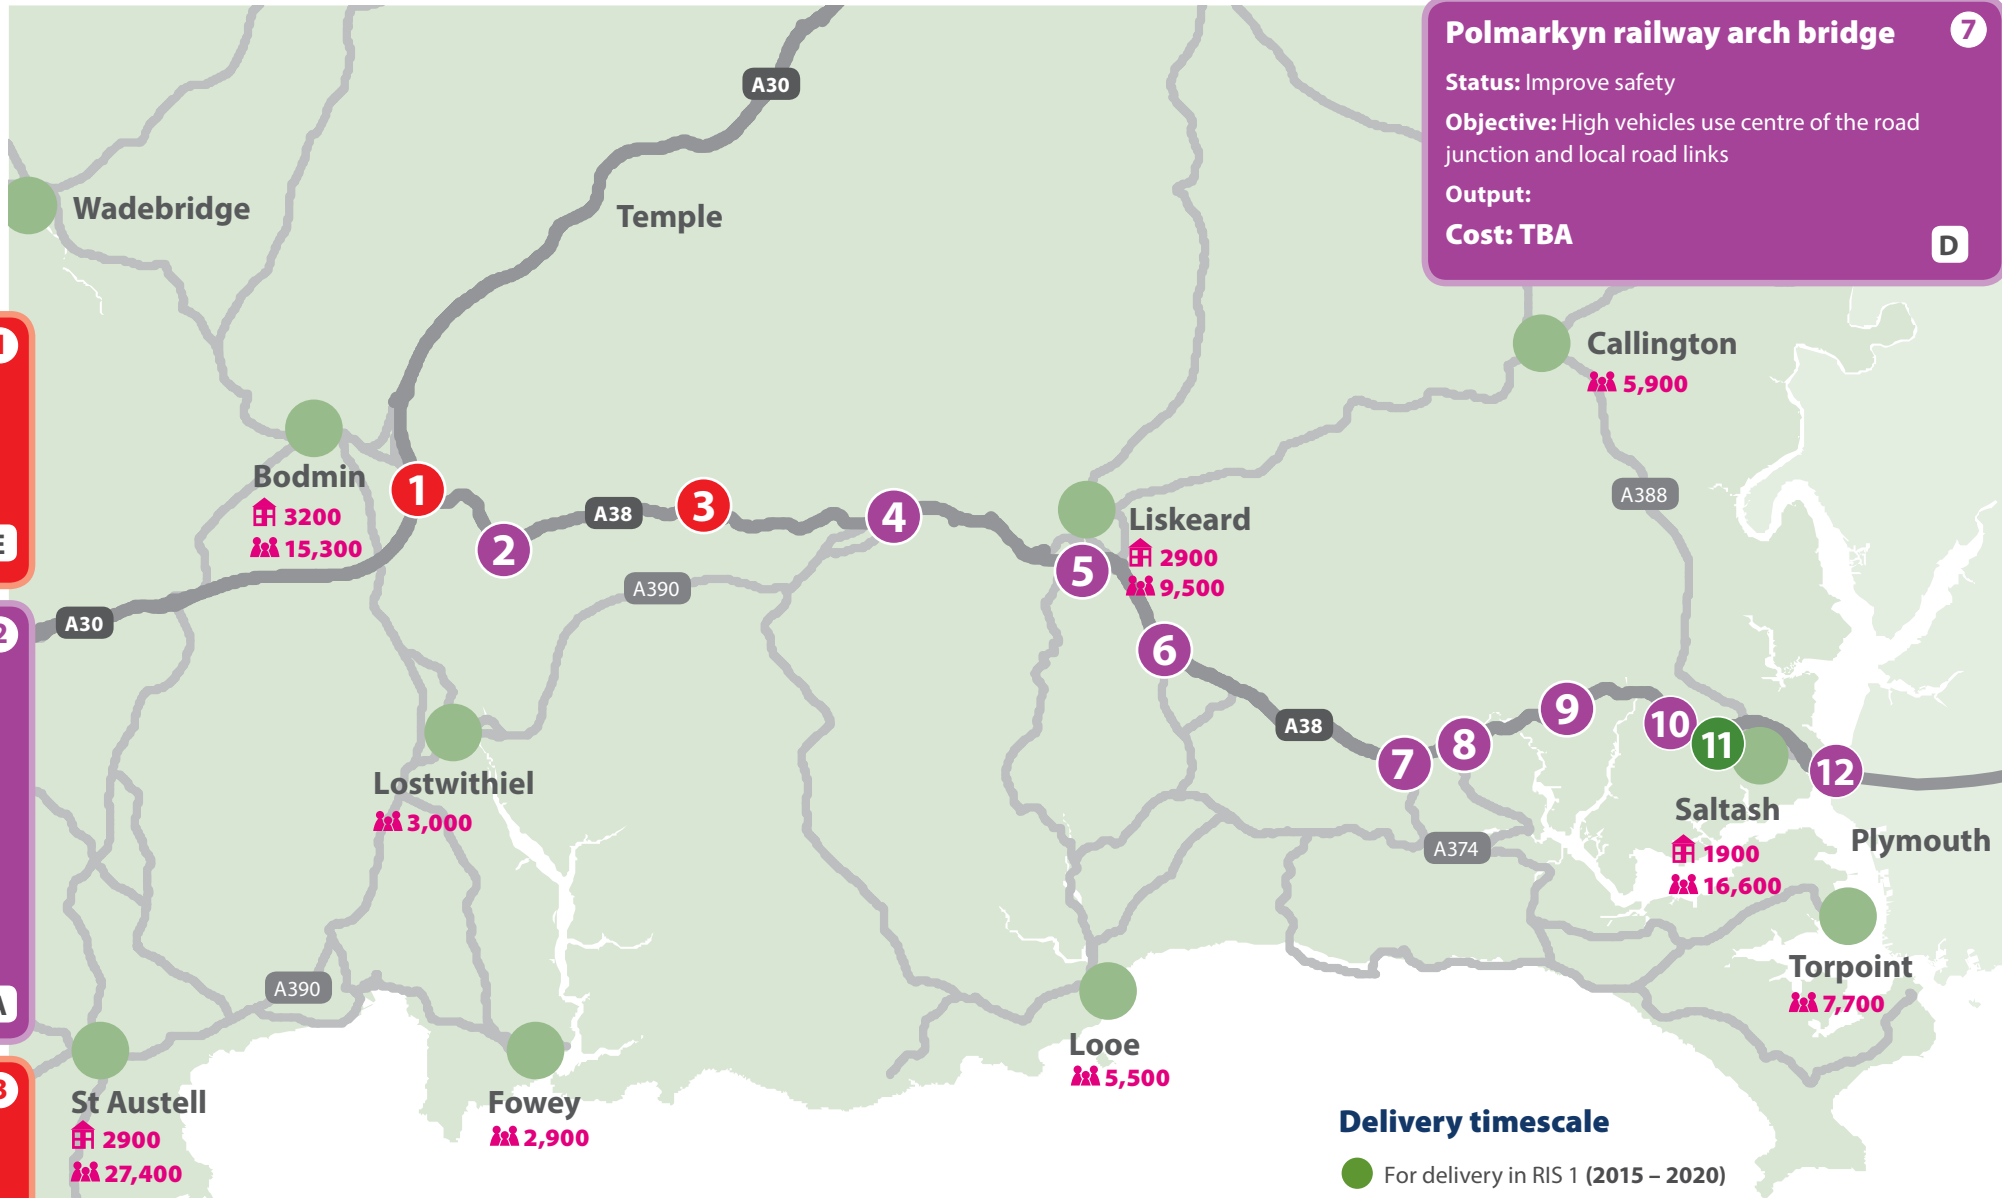

Project Title: Tamar bridge 12

Status: Cashless tolling. Investigate second Tamar crossing.

Objective: Capacity

Output: Demand study

Cost: TBA

- Delivery timescale**
- For delivery in RIS 1 (2015 – 2020)
 - For delivery in RIS 2 (2020 - 2025)
 - For delivery in RIS 2 and beyond

- Key**
- 🏠 Community Network Area total future housing allocation
 - 👤 Population
 - A RIS 2
 - B RIS 3
 - C Designated Funds
 - D Safety
 - E Developer led/grant funded
