

# Information on unpurchased lawn graves

**A memorial may not be fixed on an unpurchased grave unless subsequent to the interment the Exclusive Right of Burial (ERB) is purchased.**

**If a previous burial has taken place in this grave it will not be possible for the ERB to be purchased.**

**It should also be noted that following this burial another unrelated burial may take place in this grave and that too would mean that you are unable to subsequently purchase the ERB in order to place a memorial or organise a further burial for one of your family members.**

**Therefore careful consideration must be given to whether or not this type of grave is suited for your requirements.**

**If an ERB is subsequently available and purchased for this grave lawn regulations are applicable.**

Details of lawn grave regulations are available from Funeral Directors and Cornwall Council cemetery offices.
