

Cornwall Council Local Development Framework

Local Development Scheme December 2009

Foreword

I am very pleased to introduce this, the first, Local Development Scheme for the new Cornwall Council. The planning system has, at its heart, the principle that decisions will be based on published and tested plans that seek the best use of land and to best manage change. We urgently want to set out in our plans what our vision and objectives of the new Council are.

On 1 April 2009 Cornwall Council formally replaced Cornwall County Council and the 6 districts of Penwith, Kerrier, Carrick, Restormel, North Cornwall and Caradon. This Local Development Scheme has been approved by the Cabinet for submission to the Government Office for the South West.

The purpose of this document is to publish a three year work programme identifying which plans we are going to prepare, broadly what and where they will cover and when. These will form the bedrock for the collection of planning documents that will make up the Local Development Framework for Cornwall.

Our main priority will be;

- Establish a Core Strategy covering all of Cornwall. It is intended to provide a clear framework to manage change and ensuring anywhere facing significant growth has a clear policy structure.

The other plans we propose will build on the work that the former District and County Councils undertook. In this first wave of documents there will be plans to provide further detail for;

- Truro;
- Camborne-Pool-Illogan-Redruth;
- Housing (incl affordable housing);
- Travelling Communities;
- Minerals

Other important detailed advice and plans will be brought on stream in due course.

None of this is easy. Good management of the process, communication and engagement is vital to its success. We are committed to this and managing development and change in Cornwall.

Graeme Hicks CC

Cabinet Member for Highways, Transportation & Planning

Planning 'Jargon Buster'

Some of the terms used throughout this document may be unfamiliar. Here is a selection of the main ones with some explanation. Terms in *italics* have a separate entry of their own and can be cross-referenced. A comprehensive glossary of technical terms used in spatial planning has been prepared by South West Planning Aid and can be found at www.planningaid.rtpi.org.uk

Annual Monitoring Report (AMR) – A report on how the Council is performing in terms of the *Local Development Framework*. It includes a review of the *Local Development Scheme's* timetable and monitors the success of *development plan document* policies.

Area Action Plans (AAP) – A *Development Plan Document* produced to provide a planning and delivery framework for areas of significant change or conservation.

Core Strategy (CS) – This is the key *Development Plan Document* that every local planning authority must prepare. It sets out the spatial vision for an area, and the spatial objectives and the strategic policies required to deliver that vision.

Development Plan – The *Development Plan* consists of the *Regional Spatial Strategy* and the *Development Plan Documents* contained within its Local Development Framework.

Development Plan Document (DPD) – a document setting out a council's planning policies and proposals. They are subject to community and stakeholder involvement and independent examination. Together with the *Regional Spatial Strategy* they form *the Development Plan*.

Evidence Base Documents – These are documents usually produced during the early stages of Development Plan Document production and provide the evidence on various subjects from which the main issues can be identified. They also provide the evidence to justify the strategy, policies and proposals in a *Development Plan*. A robust evidence base is essential for a sound *LDF*.

Government Office for the South West (GOSW) – The government's regional office. The first point of contact for submitting documents to the Secretary of State.

Local Development Document (LDD) – Any document within the *Local Development Framework*. They comprise development plan documents, *supplementary planning documents* and the *Statement of Community Involvement*.

Local Development Framework (LDF) – This is the term given to the portfolio of *local development documents* that together provide a local planning authorities land use and spatial policies for the area.

Local Development Scheme (LDS) – The three year plan identifying the *Development Plan Documents* to be produced and the timetable for their production.

Planning Inspectorate (PINS) – The government agency responsible for scheduling independent examinations of *Development Plan Documents*. The planning inspectors who hold independent examinations are employed by PINS.

Planning Policy Statements (PPS) – A series of documents setting out the governments national land use planning policy. The latest national planning policy guidance can be viewed on the following website: www.communities.gov.uk

Proposals Map – The adopted proposals map illustrates policies and proposals contained within each *Development Plan Document*. It must be updated as each *DPD* is produced.

Regional Spatial Strategy (RSS) – It sets out how much development there is going to be in a region as a whole, where in general terms it will be located around the region, together with various principles guiding its quality. It is part of the *Development Plan*. It sets the framework within which each Council's *Local Development Framework* is prepared and has to follow.

Saved Policies and Plans - Existing *development plans* prepared prior to the commencement of the *Local Development Framework* system in 2004 were saved for a period of 3 years. Certain policies have been saved beyond this period and will remain saved until replaced by a new *Development Plan Document*.

Statement of Community Involvement (SCI) – This sets out how a local planning authority will involve the public at each stage of the plan making process and when assessing major planning applications. This is not a development plan document.

Strategic Environmental Assessment (SEA) – An assessment of the impact of plans and programmes on the environment as required by European legislation. These requirements are incorporated into the *Sustainability Appraisal (SA)*

Supplementary Planning Documents (SPD) – These are documents that are produced to provide more detailed advice and guidance to supplement policies and proposals contained in an adopted *Development Plan Document*. Procedures for their preparation are formalised within central government regulations

Supplementary Planning Guidance (SPG) – This is guidance similar to that contained in *Supplementary Planning Documents* but prepared prior to the introduction of *Local Development Frameworks* and for which there were no formal procedures for preparation. These will be replaced by *Supplementary Planning Documents*.

Sustainability Appraisal (SA) – This is an assessment of the impacts that the policies and proposals of a Local Development Document may have upon social, economic and environmental objectives. This includes any assessment that is required as part of a *Strategic Environmental Assessment (SEA)*.

Cornwall Local Development Scheme

Section 1: Introduction

- 1.1 The Government, through the Planning & Compulsory Purchase Act 2004, introduced major changes to the development plan system, which provides the framework for making planning decisions. These changes include the replacement of Local Plans with a system of Local Development Documents (LDD) that collectively form a portfolio of documents called a Local Development Framework (LDF).

What is a Local Development Framework?

- 1.2 The LDF consists of a number of different documents which include the following:
- **Development Plan Documents (DPDs):** These documents set out the Council's planning policies and proposals, which are subject to community involvement, consultation and independent examination. DPDs along with the Regional Spatial Strategy for the South West (RSS) form the statutory development plan for Cornwall and are the starting point for the determination of planning applications. Key DPDs include the Core Strategy & Area Action Plans.
 - **Supplementary Planning Documents (SPDs):** These documents provide additional advice and information relating to a specific policy or proposal in a DPD. Although not forming part of the development plan or being subject to independent examination they will be subject to rigorous procedures of community involvement.
 - **Statement of Community Involvement (SCI):** This is a document which sets out how the Council will consult and involve the community in the preparation, alteration and continuing review of all LDF documents and significant planning application decisions. The SCI is not a development plan document.
- 1.3 More details of the LDF system can be found on the Department for Communities and Local Government website www.communities.gov.uk

Purpose of the Cornwall Local Development Scheme

- 1.4 This document is the first Local Development Scheme (LDS) for Cornwall Council. The main purpose of the LDS is to provide the starting point for the local community and stakeholders to find out what documents the Council intends to produce as part of the Cornwall LDF over a three year period. It gives; a brief description of each document; the timetable for their production; key milestones; and how it will be monitored.
- 1.5 It will also be used to measure the new Council's plan making performance and respective award through the Housing and Planning Delivery Grant¹.
- 1.6 The LDS will replace the following published documents:

¹ H&PDG Government grant funding awarded against agreed performance measures.

- Penwith Local Development Scheme (October 2007);
- Kerrier Local Development Scheme (February 2008);
- Carrick Local Development Scheme (March 2007);
- Restormel Local Development Scheme (September 2005);
- North Cornwall Local Development Scheme (June 2007);
- Caradon Local Development Scheme (June 2007);
- Cornwall Minerals and Waste Local Development Scheme (March 2008)

- 1.7 The main priority will be to prepare a Cornwall Core Strategy, in addition the LDS carries forward the programme for the preparation of the Camborne-Poole-Illogan-Redruth Area Action Plan (CPIRAAP); the Truro and Threemilestone Area Action Plan (TTAAP); and the Cornwall Minerals DPD. The LDS also includes the intention to prepare a Travelling Communities DPD and Affordable Housing DPD. Finally a Statement of Community Involvement will be produced to replace those that had been adopted by the former County Council and Districts.
- 1.8 The LDS has been subject to detailed discussions with the Government's regional office to ensure that it is realistic and deliverable. Following confirmation from the Secretary of State that there was no intention to direct any changes to the submitted LDS, the Council resolved to bring it into effect from ***** 2009.

Section 2: Existing & New Planning Policy Documents

Existing Development Plan Documents

- 2.1 The new LDF will provide the planning policy framework for Cornwall. However before then, Cornwall Council has inherited a number of existing development plans and guidance. Policies within these documents that have been saved under the Act² will remain in force and will continue to provide the basis for planning decisions until replaced by subsequent DPDs or the RSS in the case of the Cornwall Structure Plan. The table below lists these documents together with additional information. A full list of the 'saved' policies is provided at Appendix 1.

Table 1: Existing Development Plan Documents containing 'Saved' Policies

Document	Area Covered	Dates	Status
Cornwall	Cornwall	2001 -	This document was adopted in

² Planning & Compulsory Purchase Act, 2004.

Structure Plan		2016	October 2004. In September 2007 all the policies were 'saved'. They will remain in place until replaced by policies in the new South West Regional Spatial Strategy (RSS) which is expected to be published in its final form by the Secretary of State during 2009 and the Cornwall Core Strategy.
Caradon District Local Plan	Former Caradon District	2007-2016	The first alteration to the Local Plan was adopted in August 2007. This contained both new policies and relevant policies from the previous Local Plan which was adopted in 1999. The 2004 Act allows the 'new' policies to be saved for 3 years from adoption (i.e. August 2010). If required, an application will be made to the Secretary of State to allow these policies to continue ('saved') beyond that date. In September 2007, most of the policies from the earlier Local Plan were 'saved'. These policies will remain in place until replaced by policies in new DPDs, particularly the Cornwall Core Strategy.
Carrick District Local Plan	Former Carrick District	1998-2001	This document was adopted in April 1998. In September 2007, most of the policies were 'saved'. They will remain in place until replaced by policies in new DPDs, particularly the Cornwall Core Strategy & the Truro & Threemilestone Area Action Plan.
Carrick Balancing Housing Markets DPD	Former Carrick District		This document was adopted in February 2008. These policies will remain in place until replaced by policies in new DPDs, particularly the Affordable Housing DPD and the Cornwall Core Strategy.
North Cornwall District Local Plan	Former North Cornwall District	1999-2006	This document was adopted in April 1999. In September 2007, most of the policies were 'saved'. They will remain in place until replaced by policies in new DPDs, particularly the Cornwall Core Strategy.

Penwith District Local Plan	Former Penwith District	2004-2011	This document was adopted in February 2004. In September 2007, most of the policies were 'saved'. They will remain in place until replaced by policies in new DPDs, particularly the Cornwall Core Strategy.
Restormel Borough Local Plan	Former Restormel Borough	2001-2011	This document was adopted in October 2001. In September 2007, most of the policies were 'saved'. They will remain in place until replaced by policies in new DPDs, particularly the Cornwall Core Strategy.
Cornwall Minerals Local Plan	Cornwall	1997 - 2011	This document was adopted in July 1997. In September 2007, all the policies were 'saved' with the exception of the following: E1, E2, E6 & E7. The saved policies will remain in place until replaced by policies in new DPDs and particularly the Cornwall Core Strategy.
Cornwall Waste Local Plan	Cornwall	2002 - 2012	This document was adopted in 2002. In September 2007, all the policies were 'saved' with the exception of the following: S1, L1, E1 & E2. The saved policies will remain in place until replaced by policies in new DPDs and particularly the Cornwall Core Strategy.

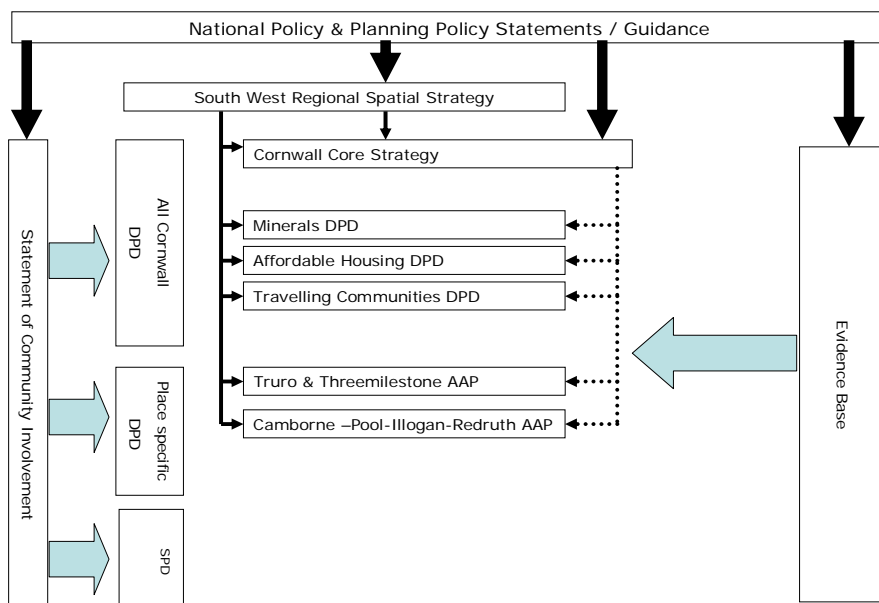

- 2.2 There are also a considerable number of Supplementary Planning Documents (SPDs) that support 'saved' policies within the documents listed above that will continue to be in place. Many were prepared before the 2004 Act and are referred to as Supplementary Planning Guidance (SPG).

New Local Development Documents

- 2.3 A schedule of the proposed new Local Development Documents (LDDs) to be prepared by Cornwall Council in the period to 2012 is set out in Table 2 and the diagram below shows the relationship between the different documents and conformity requirements. A summary of the overall programme for each LDD is shown in Table 3. The DPDs proposed in advance of the Core Strategy are supported by the policy framework provided by the emerging South West Regional Spatial Strategy. It is recognised that, in addition to the LDF documents, it is crucial that plans and policies should be closely aligned with

other corporate strategies, notably the Sustainable Community Strategy. The importance of a shared vision and set of objectives requires close collaboration.

Diagram 1 Cornwall LDF Document Conformity Relationships

2.4 Appendix 2 contains a more detailed profile for each document which sets out their role, geographical coverage, status, chain of conformity, timetable and brief details of production and preparation.

Table 2: Schedule of Proposed Local Development Documents

Document Title	Status	Brief Description	Chain of Conformity	Key Milestones		
				Publication	Submission to SOS	Adoption
Cornwall Core Strategy	DPD	Sets out the spatial vision, objectives and strategy for the spatial development of Cornwall and strategic policies and proposals to deliver the vision; including strategic site allocations for the period to 2026.	National Policy & South West Regional Spatial Strategy	June 2011	September 2011	March 2012
Truro & Threemilestone Area Action Plan	DPD	Sets out detailed proposals & policies to accommodate the growth for Truro and surroundings. It will establish a programme for the delivery of this growth up to 2026.	South West Regional Spatial Strategy	October 2010	January 2011	September 2011
Camborne-Pool-Illogan-Redruth Area Action Plan	DPD	Sets out detailed proposals & policies to accommodate the growth for the towns and their surroundings. It will establish a programme for the delivery of this growth up to 2026.	South West Regional Spatial Strategy	September 2010	December 2010	August 2011
Cornwall Minerals DPD	DPD	Sets out non-strategic policy and site allocations including those for safeguarding	National policy and South West Regional Spatial Strategy	June 2012	September 2012	March 2013
Travelling Communities	DPD	Sets out a strategy, policy framework & site allocations to meet the pitch requirements for Gypsies & Travellers in Cornwall.	National Policy, South West Regional Spatial Strategy, Cornwall Core Strategy	December 2010	March 2011	September 2011
Affordable Housing	DPD	Provides policy guidance on the delivery of affordable housing for Cornwall.	National Policy, South West Regional Spatial Strategy	September 2010	November 2010	April 2011

 Adoption

* Initial adoption as SPD

³ A Proposals map will be prepared and reviewed as each DPD is adopted.

Monitoring & Review

- 2.5 How well the Council has performed against the timetable set out in the LDS will be published in the Annual Monitoring Report (AMR). This will identify any changes needed to maintain an up to date Local Development Framework and will determine the need to review the LDS. The AMR which forms part of the LDF, will be published at the end of every calendar year. The first AMR for Cornwall Council is expected to be published in December 2009.
- 2.6 Due to the unusual and uncertain environment created by the transition to the new Council, it likely to be necessary to undertake an early review of the LDS in light of clarification of resources. It is anticipated that this would allow for a realignment of resources and review of timetable without penalty.

Future Local Development Documents

- 2.7 The Council's overall priority is to focus on the delivery of the Cornwall Core Strategy as soon as is reasonably possible. However, it will be important to produce additional LDDs once capacity and resources become available to deal with specific topics and areas. Given that any subsequent DPDs and SPDs must conform to the Cornwall Core Strategy, the Core Strategy needs to be far enough advanced so that any future documents can be prepared in accordance with it.
- 2.8 Any new DPDs will also need to meet the criteria in Government policy as set out in PPS12 and reflect the priorities of the new Cornwall Council. However, the likely subjects of future LDDs include:
- Addressing the needs of Cornwall's key towns not already included in AAPs: Bodmin, Launceston, Liskeard, Newquay, Penzance, St. Austell, Hayle etc.
 - Infrastructure provision
 - Development design
 - Non-strategic policy/provision for waste management facilities
- 2.9 In addition, the Council will produce a range of good practice and general guidance notes to assist the planning process.

Section 3: Supporting Statement

3.1 Local planning authorities are urged by the Government to ensure that effective programme management techniques are used in the delivery of the LDF and producing the supporting evidence base. This section of the LDS explains the arrangements being made to ensure delivery of the programme set out earlier. It is divided into the following sub-sections:

- Development of a sound and robust evidence base
- Community and stakeholder engagement
- Staffing & financial resources
- Risk assessment

Development of a sound & robust evidence base

3.2 All Local Development Documents must be based on a sound and robust evidence base. In terms of Development Plan Documents, this is a key element of the test of soundness which will be central to their examination by an independent inspector. The Planning Advisory Service has developed an evidence base toolkit to assist councils during plan preparation. This toolkit has been used to review the evidence base that has been prepared by the former District / Borough Councils and has informed additional work that needs to be undertaken to improve the evidence base further. The evidence base supporting the Truro & Threemilestone AAP, Camborne-Pool-Illogan-Redruth AAP, Minerals DPD is reasonably comprehensive. However there is still a considerable amount of work to be done in developing the evidence base further particularly for the Cornwall Core Strategy.

3.3 The table below summarises the major elements of the technical evidence base required to prepare a robust Core Strategy.

Table 4: Evidence base and other key documents

Evidence Required	Action
Strategic Housing Land Availability Assessment (SHLAA)	Complete a SHLAA for Cornwall identifying the existing potential to meet identified housing targets and to assess their suitability and deliverability over the next 5, 10 and 15 year periods.
Strategic Housing Market Assessment (SHMA)	SHMA reports have been produced for the 3 Housing Market Areas that influence Cornwall (Northern Peninsula, Plymouth and West Cornwall). Work will be undertaken to review the results of these 3 studies and draw out appropriate findings for Core Strategy purposes.
Gypsy & Travelling Accommodation Assessment	The Cornwall Gypsy & Travellers Accommodation Assessment was completed in October 2006. This will be supplemented by an 'interim review' to ensure that the DPD is based on the most up-to-date information.

Employment Land Review	To establish the supply of employment land and assess its appropriateness in ensuring sufficient land is available of sufficient quality and in the right locations to ensure identified economic objectives can be met.
Retail Assessment Review	To establish the strategy for the distribution of retail development across Cornwall, for maintaining and enhancing town centres and to identify the capacity required to meet forecast needs.
Strategic Flood Risk Assessment (SFRA)	Complete a level 1 for Cornwall. To assess the potential impact of proposed development across the County and where appropriate undertake level 2 assessments where development may pose a potential risk to flooding.
Functionality of settlements	To examine the role and function of settlements and identify a settlement pattern that accords with RSS A, B and C settlement hierarchy. This work will also help to inform the scale and nature of area based work within the Core Strategy.
Transport Assessment	Transport appraisal of relative sustainability for broad locations of growth in terms of accessibility to services, public transport provision & network capacity.
Traffic Modelling	Traffic modelling work for key towns across the county to examine potential growth options.
Infrastructure Assessment	Determine specific infrastructure requirements (i.e. transport, utilities, health, education, cultural & community) to support overall requirements of growth and strategic sites.
Waste needs assessment	The needs assessment will determine the level of provision likely to be required for waste management facilities
Minerals needs assessment	The needs assessment will address the level of provision likely to be required for key minerals
Sustainability Appraisal (SA) / Strategic Environmental Assessment (SEA)	The SA will appraise the impact of policies and proposals within Local Development Documents upon social, economic and environmental objectives. The SA will incorporate the requirements of undertaking a Strategic Environmental Assessment.
Habitats Regulations Assessment	To assess emerging the potential impact of policies and strategic site options upon the integrity of Special Areas of Conservation and Special Protection Areas.

3.4 Each Local Development Document identified in Appendix 2, sets out details of the key documents that are expected to contribute to the evidence base.

3.5 The views of the local community and other stakeholders will also be an important part of the evidence base. This is discussed further below.

Community & Stakeholder Engagement

- 3.6 Following the creation of Cornwall Council there will be a need to prepare a Statement of Community Involvement for the new authority. In the interim it would not be practical to undertake community and stakeholder engagement in accordance with the 7 SCI's prepared by the former County and District Councils.
- 3.7 A priority will be to prepare a Cornwall SCI, however in the meantime, early engagement for the Core Strategy will be undertaken through the establishment of a partnership delivery group consisting of key delivery partners including the Environment Agency, Utilities providers, Natural England Primary Care Trust, CABE, Highways Agency, Regional Development Agency. Additional partnership groups may be set up to cover certain key areas such as the Economy and Housing.
- 3.8 Effective engagement with the local community will also be key from the outset. This is particularly relevant given the size of Cornwall. It is anticipated that this will need to be undertaken on a community network basis and in association with the Council's new localism service and Community Strategy team.
- 3.9 A third element of effective engagement will be the need to make arrangements for effective engagement with our internal partners in the new organisation. It is proposed to establish a management board comprising key elected members and officers from across the organisation to ensure the delivery of the corporate objectives and to integrate the LDF across the authority.

Staffing & Financial Resources

Staff Resources

- 3.10 The Planning & Regeneration Service of the new Council is responsible for the preparation of the LDF. The Head of Service was appointed in November 2008 who reports to the Director for Environment, Planning & Economy. The Assistant Heads of Service were appointed in March 2009, and the full structure of the service was established mid 2009.
- 3.11 The structure includes the following teams:
- **Natural Resources** ~ which will focus on the delivery of core strategy policy for natural resources including minerals, waste and renewable energy, and a separate DPD covering non-strategic policy for minerals.
 - **Strategic Developments & Policy** ~ will initially focus on the Core Strategy, Travelling Communities DPD & Affordable Housing DPD as well coordinate the monitoring of the LDF & developing the evidence base.

- **Delivery Area** (x3) ~ will lead on the preparation of the Truro & Threemilestone AAP & Camborne-Pool-Illogan-Redruth AAP, support the preparation of the Core Strategy & monitor the LDF.

- 3.12 An experienced Project Manager will also be appointed to support the development of detailed project plans and will play a key role in ensuring the delivery of the LDS, particularly the Cornwall Core Strategy.
- 3.13 Consultants will also be employed to supplement existing resources where studies are of a specialist nature and/or where there are benefits in terms of timing to outsource the work.

Financial Resources

- 3.14 Work on the preparation of the LDF up to the 1st April 2009 was met from existing District & County Council budgets. After this date, the costs will be met from within the Planning & Regeneration Service's budget recognising the priority and importance of the Local Development framework for the authority. , Recognising the time taken to produce such documents the Local development framework has a fund which runs across financial years to support the development of the local development scheme projects.
- 3.15 Any opportunities to secure external funding and support in kind have and will be exploited where they arise for example by working with projects being developed as part of the strategic investment frameworks as part of the convergence programme.. The LDF will also be eligible to receive funds from the Government's Housing and Planning Delivery Grant allocation.
- 3.16 Partnership working across the new Council will be essential to the success of the LDF due to the cross-cutting nature and relationship with other plans and strategies. Key internal partners such as Housing, Transport, Economic Development, Education etc will be used to develop the evidence base and contribute to policy formulation. It may also involve shared financial resources to produce studies that are required for both services.

Risk Assessment

3.17 The development of an LDF on this scale is unprecedented. This presents a number of risks that are best addressed by robust project planning. The resources available for this task, in particular, are not fully defined. Table below sets out the key risks and proposed mitigation measures that may need to be implemented in order to ensure that sound DPDs are prepared in a timely manner.

Table 5 – Key risks and mitigation.

Issue	Risk/ Implications	Mitigation
Timescales	The scale and uncertainty of the content, of a single Core Strategy presents potential risks to its deliverability.	Secondment of dedicated management team. Robust scoping. Prioritised in LDS. Close dialogue with GOSW & PINs. Sound project planning.
Available Resources & skills	Local Government Reorgansiation process potential staffing implications. Shared resources and potential loss of staff in interim period.	Corporate commitment of Cornwall Council to resourcing. Transparent engagement of staff in process.
Evidence base	Inadequate/ incomplete evidence at Cornwall level risk to soundness. Financial risk to evidence gathering.	Early and thorough assessment of available evidence and need. Prioritise further work. Corporate commitment of Cornwall Council to resourcing.
PINs/GOSW / legislation engagement	Abortive or inappropriate progress due to change in guidance/ legislation, advice from PINs/GOSW.	Early and consistent engagement with PINs through GOSW.
Corporate engagement	Securing corporate engagement and buy in of services across Cornwall Council Failure to effectively engage with the Review of the Community Strategy.	Delivery of Joint Implementation Team & Implementation Executive commitments. Prioritise alignment with imminent review of the Community Strategy.
political change	Potential changes in political support for all or elements of the local development framework .	LDF Member panel established to oversee steer the development of the local development framework.
Early preparation of AAPs	Vulnerable AAP preparation in advance of Core Strategy & dependence on SOS Proposed Changes to the RSS.	Close Member/officer working arrangements i.e. LDF Member Group and area based member groups to be established..

Tests of soundness	Risk of being found unsound and the potential resultant major delay to the implementation of the policies and proposals within a particular Development Plan Document	Continuous soundness self assessment. Consultation with the Planning Inspectorate and Government Office for the South West before and during publication of a Development Plan Document.
--------------------	---	--

Appendix 1: Saved Development Plan Policies

The following table sets out the existing local development plan policies for Cornwall. These policies are 'saved' and will be used for the determination of planning applications until they are replaced by new policies in the relevant Development Plan Document. All 'saved' development plan policies, guidance and other material considerations, are listed on the Council's website: www.cornwall.gov.uk

Existing Adopted 'Saved' Development Plan Policies

Cornwall Structure Plan (Adopted October 2004)

Policy 1:	Principles For Sustainable Development
Policy 2:	Character Areas, Design And Environmental Protection
Policy 3:	Use Of Resources
Policy 4:	Maritime Resources
Policy 5:	Minerals
Policy 6:	Waste Management
Policy 7:	Renewable Energy Resources
Policy 8:	Housing
Policy 9:	Mix And Affordability Of Housing
Policy 10:	Location Of Housing Development
Policy 11:	The Urban And Rural Economy

Policy 12:	Sites And Premises For Employment
Policy 13:	Tourism And Recreation
Policy 14:	Town Centres And Retailing
Policy 15:	Implementation, Monitoring And Review
Policy 16:	Overall Distribution Of Development
Policy 17:	Camborne-Pool-Redruth
Policy 18:	Falmouth-Penryn
Policy 19:	Newquay
Policy 20:	St.Austell
Policy 21:	Penzance
Policy 22:	Bodmin
Policy 23:	Truro
Policy 24:	South East Cornwall (Saltash And Torpoint)
Policy 25:	Other Main Towns & Local Centres
Policy 26:	Rural Areas
Policy 27:	Transport Strategy (And Proposals)
Policy 28:	Accessibility

Cornwall Minerals Local Plan (Adopted March 1998)

Policy No.	Name
S1	Mineral Consultation Areas
E 3	Landscape
E 4	Historic Environment

BOD5	Land east of former A38 and to west of Launceston Road and Love Lane – B1, B2 and B8
BOD6	Bodmin Town Centre – Primary Commercial Area
BOD7	Land west of Berrycombe CP school - education
BOD8	Bodmin Open Area of Local Significance
BOD9	Town Leat – surface water flows
BLS1	Land west of Pentor Court - housing
LVT4	Open Area of Local Significance
NAN2	Open Area of Local Significance
MAB1	Land south of Chapel Lane - housing
MAB2	Land south of Station Road - housing
MAB3	Land south of primary school - education
MAB4	Open Area of Local Significance
BUS4	Bude Town Centre – Primary Commercial Area
BUS5	Crooklets and Summerleaze Beach and Lower Wharf/Castle area - environmental improvements; Summerleaze Crescent and HeartLand Terrace area – redevelopment/COU of hotels
BUS6	Open Area of Local Significance
POU1	Open Area of Local Significance
WHI1	Land west of St Annes Close - housing
BRD1	Land to east of Chyryn Drive - housing
LAU1	Land to south of Dutson Road - housing
LAU2	Land to north-west of Kensey View - housing
LAU3	Land to south of A30 - housing
LAU4	Land to south of Pennygillam Industrial Estate – B1, B2 and B8
LAU5	Launceston town centre – Primary Commercial Area
LAU6	Open Area of Local Significance
EKY2	Land to west of primary school - housing
NHL1	Land to north-west of Lynher Close - housing
SPN1	Land to south of Tiny Meadows - housing
STO2	Open Area of Local Significance
PAD2	Land south of Treceus Industrial Estate – B1, B2 and B8
PAD3	Padstow town centre - PCA
PAD4	Land within harbour area – maritime industry or leisure
PAD6	Open Area of Local Significance

WAD1	Land north of West Hill, south of Trevanson Road - housing
WAD2	Land north east of Trevanson Road - housing
WAD5	Land east of Bridge View and Egloshayle Road – housing and open space
WAD6	Land between A39 bypass and B3314 – B1, B2 and B8
WAD7	Land north of Higher Trenant Road – B1, B2 and B8
WAD8	Land adjacent to Trevilling Road – waterside industrial site
WAD9	Wadebridge town centre – Primary Commercial Area + car parking
WAD10	Land between Eddystone Road and Town Quay – mixed development
WAD11	between Bradford Quay and River Camel – housing and some commercial uses
WAD12	Land south of West Hill and between Wadebridge school and A39 bypass (education) – education
WAD13	Open Area of Local Significance
POL1	Open Area of Local Significance

Penwith District Local Plan (Adopted February 2004)

Policy No.	Name
ST1	Plan strategy
GD1	Integration of development with surroundings
GD2	Design and layout of development
GD3	Incorporation of landscaping and planting within development
GD4	Provision for drainage/water supply & prevention of pollution/flooding
GD5	Requirements for safe movement of traffic
GD6	Control of advertisements and signs
GD7	Conversion of non-residential buildings
GD8	Conversion of buildings of local significance
CC1	Protection of landscape character etc.
CC2	Proposals involving interpretation of landscape character etc.
CC4	Conservation and enhancement of Heritage Coast
CC5	Protection of Areas of Great Landscape Value
CC6	Protection of Special Area of Conservation/Special Protection Area
CC7	Protection of Sites of Special Scientific Interest
CC8	Protection of Areas of Great Scientific Value, County Wildlife Sites, County Geological Sites, Ancient Woodland Sites and Local Nature

	Reserves
CC9	Protection of protected species or habitat

CC11	Creation and management of landscape features and habitats of major importance for wild flora and fauna
CC12	Prevention of loss or damage to significant trees, woodlands, hedgerows and Cornish hedges
CC13	Control/management of tree planting and hedgerow schemes
CC14	Protection of the shoreline and coastal waters
CC15	Protection of Scheduled Ancient Monuments and other nationally important archaeological remains
CC16	Protection of areas of great historic value/archaeological remains of county importance
CC17	Protection of Historic parks and Gardens
CC18	Reclamation of derelict land/improvement of unsightly land
TV1	Focus of development on main towns, maximisation of use of previously developed land, protection of character/setting
TV2	Protection of environmental value of specified open areas
TV3	Protection of open areas within towns and villages
TV4	Prevention of loss of/damage to trees
TV5	Tree planting schemes
TV7	Redevelopment or alteration of shops or other commercial premises
TV8	Control of advertisements within conservation areas
TV9	Control of PVC-U and other non-traditional replacement windows and doors within conservation areas subject to article 4 direction
TV13	Retention of traditional shop fronts
TV14	Protection of Historic Settlements
TV15	Re-use of previously developed (potentially contaminated) land
TV16	Focus on major retail, office, entertainment, leisure and community developments within main towns
TV17	Control of edge-of-centre/out-of-centre shopping facilities
TV18	Control of non-retail uses with Prime Shopping Areas of Penzance and St Ives
TV19	Control of retail, offices and other non-retail uses in town centres
TV20	Prevention of loss of village or neighbourhood shops
TVA	Proposed redevelopment of former Cornwall Farmers Ltd site, Penzance
TV21	Control of development fronting Jennings Street

TV22	Control of development within Bread Street area, Penzance
TV23	Control of development of harbour car park, Penzance
TV24	Control of development of harbourside area, Penzance
TVB	Proposed provision of improved facilities for cargo handling
TVC	Reservation of Jubilee Pool with land between the pool and Battery Road
TV25	Control of hot food take-away outlets in St Ives
TVD	Proposed development of South Quay, Foundry Yard and South Quay, Hayle
TVE	Proposed development of Foundry area, Hayle
TV26	Control of number of residential or holiday units on Harvey's Towans, Hayle
H1	Requirements for housing provision in Penwith
H2	Control of intensification of residential use
H3	Development control on previously developed land & small greenfield sites in towns
H4	Development of small sites in St Just
H5	Development of small sites within smaller towns and larger villages
H6	Development of sites for 1/2 dwellings within smaller villages
H7	Prohibition of development, bar conversion of suitable existing buildings in specified villages
H8	Development outside towns and villages
H9	Replacement dwellings outside towns and villages
H10	Sub-division of dwellings/change of use to multiple occupancy
H11	Conversion of non-residential to dwellings
H12	Conversion of vacant or under-used space above town centre premises to residential use
H13	Requirements for negotiated element of affordable housing
H14	Requirements for secure arrangements for retention/occupancy of affordable housing
H15	Development of 'rural exception sites' for affordable housing
H16	Development of residential care and nursing homes within towns and villages
H17	Development of gypsy sites
H18	Design and layout of residential development
HA	Affordable housing at Penwith Street and Cross Street, Penzance
HC	Redevelopment of area at Alexandra Road - Western Promenade for housing
HD	Redevelopment of area at Queens Street for housing

HE	Conversion of building at Chywoone Hill, Newlyn for housing
HF	Redevelopment behind Madison Terrace and Beatrice Terrace, Hayle
HG	Redevelopment behind Copper Terrace, Hayle
HJ	Redevelopment of area adjacent to Old Stennack School
E1	Industrial and business development
E2	Industrial and business development on town edges
E3	Industrial and business development on smaller town edges
E4	Conversion of buildings for industrial and business use
E5	Prevention of irreversible loss of high grade agricultural land
E6	Farm diversification projects
E7	Development essential to agriculture and forestry industries
E8	Development directly related to fishing industry
E9	Change of use of industrial sites
EA	Area to east of creamery at St Erth
EB	Area south of the railway line at St Erth station
EC	Area south of the railway line at St Erth station
ED	North of sewage works St Erth
E10	Change of use of industrial land and buildings
EE	Western end of Chy an dour Coombe
EF	Area in Chy an dour Coombe
EG	Eastern end of Chy an dour Coombe
EH	West of Gulval
EJ	Ludgvan Lease
EK	The Creamery at St Erth
E11	Industrial and business development
TM1	Development related to tourism
TM2	Control of loss of holiday accommodation
TM3	Development of hotels and other new build holiday accommodation
TM4	Additional provision for caravans and tents
TM5	Holiday accommodation within Towans area
TM6	Conditional control of proposals for holiday accommodation
TM7	Improvement of existing holiday sites
TM8	Replacement chalets, extensions or other structures within Gwithian Towans
TM9	Replacement chalets, extensions or other structures within Riviere Towans

TM10	Visitor attractions in or on the edge of small towns and villages
TM11	Development of visitor centre at Geevor Mine
TM12	Conversion of buildings to visitor attractions or holiday accommodation
TM13	Conversion of an existing building as a camping barn
R1	New or improved recreational and sports facilities
RB	Outdoor sports provision adjacent to St Ives RFC
R2	Provision of children's play space to serve residential development
RC	Proposal to reserve children's play space
R3	Development resulting in a loss of existing or proposed open areas in formal or informal recreational use
R4	Development affecting the recreational value of areas
R5	Recreational facilities in the countryside
R6	Informal recreational activities and access to countryside
R7	Stable accommodation
R8	Facilitation of water related recreation
R9	Recreational facilities
TP1	Transportation proposals
TP2	Public transport facilities
TPA	Proposal to reserve an area at The Malakoff, St Ives for a 'bus station'
TPB	Penzance bus station
TP3	Development on operational railway land
TP4	Control efficient and safe operation of port and harbour
TP5	Cycle routes and parking facilities
TP6	Protection of routes
TP7	Control of development which would affect existing rights of way
TP8	Road improvement schemes
TP9	Roadside facilities
TP10	Transshipment facilities
TP11	New and improved town centre rear access arrangements
TP12	Control of car parking provision in development
TP13	New car parks
CS1	New or improved community facilities
CS2	Loss of existing community facilities
CS3	Provision of recycling collection facilities
CS4	Floodplains and areas at risk from flooding

CS5	Control of proposals affecting quality of groundwater
CS6	Surface water disposal, rainwater harvesting and sustainable drainage systems
CS8	Control of proposals for development which would affect watercourses or the coast, etc
CS9	Renewable energy schemes
CS10	Wind turbines or wind farms
CS11	Telecommunications equipment

Appendix 2: Local Development Documents Profiles

This appendix includes profiles of each of the documents identified in Table 2 in the main report. Recent changes in legislation mean that Supplementary Planning Documents no longer need to be identified in a LDS.

Profile 1: Statement of Community Involvement

Title	Statement of Community Involvement
Role and Subject	Sets out standards for community and stakeholder engagement in the preparation, alteration and ongoing review of LDF documents as well as significant planning decisions.
Geographical coverage	Cornwall
Status	A Local Development Document that forms part of the LDF. It is not a Development Plan Document and independent examination is no longer required
Chain of Conformity	With prescribed regulations and PPS 12
Key Milestones	
Consultation	January 2010
Adoption	May 2010
Arrangements for Production	To be prepared by the Planning and Regeneration Service of Cornwall Council in conjunction with the Chief Executives Service. The production of the SCI will be closely linked to the preparation of consultation requirements for the Sustainable Community Strategy, the Community Networks and the consultation strategy of Cornwall Council

Profile 2: Cornwall Core Strategy

Title	Cornwall Core Strategy
Role and Subject	<p>The Core Strategy will establish the Vision, key objectives and spatial strategy for Cornwall to 2026 which will be derived from the outcomes identified in the Sustainable Community Strategy, national and regional planning guidance and from the Corporate priorities of Cornwall Council.</p> <p>It will address the strategic distribution of development including identifying the broad location of strategic sites for housing and employment. It will include core policies addressing key issues and policies to aid the development management process including a clear strategy for the delivery of its objectives.</p> <p>Strategic policy for minerals and waste related development will also be included within the Core Strategy</p> <p>The Core Strategy will include a key diagram/proposals map identifying the spatial elements of the strategy.</p>
Geographical coverage	Cornwall
Status	Development Plan Document
Chain of Conformity	South West Regional Spatial Strategy
Key Milestones	
Consult on Scope of the SA	May 2009
Publication of DPD	June 2011
Submission to the Secretary of State	September 2011
Examination	January 2012
Adoption	March 2012
Arrangements for Production	<p>To be prepared by the Planning and Regeneration Service of Cornwall Council. Other key services will include: Economic Development; Transportation; Environment; Highways; Housing; Localism; Waste Management; Corporate Policy and Performance; Education.</p> <p>Stakeholders and the community will be involved in the preparation of the Core Strategy through direct contact with the relevant organisations, groups and individuals and through formal publication procedures as set out in legislation</p>
Key documents in the evidence base	<p>Employment Land Review</p> <p>Strategic Housing Land Availability Assessment</p>

	<p>Strategic Housing Market Assessments</p> <p>Strategic Flood Risk Assessment</p> <p>Infrastructure</p> <p>Settlement functions</p> <p>Retail Assessment Review</p> <p>Transport Assessment</p> <p>Traffic Modelling</p> <p>Waste needs assessment</p> <p>Minerals needs assessment</p>
--	--

Profile 3: Proposals Map

Title	Proposals Map
Role and Subject	<p>Ordnance Survey based Map; representing site specific policies and proposals.</p> <p>Updated as respective DPDs are progressed.</p>
Geographical coverage	Cornwall
Status	Development Plan Document
Chain of Conformity	Core Strategy and all site specific Development Plan Documents
Key Milestones	As set out in respective Development Plan Document
Arrangements for Production	To be prepared by the Planning and Regeneration Service of Cornwall Council.

Profile 4: Truro & Threemilestone Area Action Plan

Title	Truro and Threemilestone Area Action Plan
Role and Subject	The Area Action Plan will set out the proposals for the location of new infrastructure, housing, shopping, office, industrial and leisure uses required to accommodate the growth required for the city and its surroundings. It will establish a clear programme for the delivery of this growth up to 2026 and provide the mechanisms required to monitor this growth. A key influencing factor for preparing this AAP is the identification of Truro within the Regional Spatial Strategy as a settlement that is required to accommodate significant levels of growth through the delivery of a sustainable urban expansion to the City.
Geographical coverage	Truro and Threemilestone (precise area to be defined on the proposals map to accommodate areas required for expansion)
Status	Development Plan Document
Chain of Conformity	South West Regional Spatial Strategy
Key Milestones Publication of DPD Submission to the Secretary of State Examination Adoption	October 2010 January 2011 May 2011 September 2011
Arrangements for Production	Initial development and consultation undertaken by Carrick District Council prior to reorganisation and the transfer of powers on the 28 th November. The AAP preparation has now been taken over by the Planning and Regeneration Service of Cornwall Council which will review and undertake further consultation as required to meet the regulations.. Stakeholders and the community will be involved in the preparation of the Area Action Plan through direct contact with the relevant organisations, groups and individuals and through formal publication procedures as set out in legislation
Key documents in the evidence base	Employment Land Review Strategic Housing Land Availability Assessment Strategic Flood Risk Assessment Contributions Strategy Landscape Strategy Masterplan Retail Capacity Studies

	<p>Sustainable Urban Drainage Study</p> <p>Energy and Sustainability Strategy</p> <p>Green Infrastructure Study</p>
--	---

Profile 5: Camborne-Pool-Illogan-Redruth Area Action Plan

Title	Camborne-Pool-Illogan-Redruth Area Action Plan
Role and Subject	The Area Action Plan will set out the proposals for the location of new infrastructure, housing, shopping, office, industrial and leisure uses required to accommodate the growth required for the towns and their surroundings. It will establish a clear programme for the delivery of this growth up to 2026 and provide the mechanisms required to monitor this growth. A key influencing factor for preparing this AAP is the identification of these settlements within the Regional Spatial Strategy as being required to accommodate significant levels of growth through the delivery of significant expansion; as well as the significant regeneration proposals that the Council and its partners have for this area.
Geographical coverage	Camborne-Pool-Illogan-Redruth urban areas (precise area to be defined on the proposals map to accommodate areas required for expansion)
Status	Development Plan Document
Chain of Conformity	South West Regional Spatial Strategy
Key Milestones	
Publication of DPD	September 2010
Submission to the Secretary of State	December 2010
Examination	April 2011
Adoption	August 2011
Arrangements for Production	Initial consultation undertaken by Kerrier District Council prior to the transfer of planning powers on the 28 th November. The AAP preparation has now been taken over by the Planning and Regeneration Service of Cornwall Council which will review and undertake further consultation as required to meet the regulations. Stakeholders and the community will be involved in the preparation of the Area Action Plan through direct contact with the relevant organisations, groups and individuals and through formal publication procedures as set out in legislation
Key documents in the evidence base	<p>Employment Land Review</p> <p>Strategic Housing Land Availability Assessment</p> <p>West Cornwall Housing Market Assessment</p>

	<p>Strategic Flood Risk Assessment</p> <p>Infrastructure Delivery Plan</p> <p>Landscape Strategy</p> <p>Urban Extensions Development Briefs</p> <p>Retail Capacity Studies</p> <p>Sustainable Urban Drainage Study</p> <p>Surface Water Management Plan</p> <p>Habitat Regulation Assessment</p> <p>Energy Strategy</p> <p>Green Infrastructure Study</p>
--	---

Profile 6: Travelling Communities Development Plan Document

Title	Travelling Communities Development Plan Document
Role and Subject	<p>Provision of a strategy and policy framework to guide site allocation and the determination of planning applications.</p> <p>Identification and delivery of a network of sufficient, suitable and appropriately located sites across Cornwall to meet the accommodation requirements of the travelling communities (Gypsies and Travellers & Travelling Showpeople).</p>
Geographical coverage	Cornwall
Status	Development Plan Document
Chain of Conformity	Regional Spatial Strategy for the South West Cornwall Core Strategy
Key Milestones	
Consultation on SA scope	May 2009
Publication of DPD	December 2010
Submission to the Secretary of State	March 2011
Examination	June 2011
Adoption	September 2011
Arrangements for Production	<p>To be prepared by the Planning and Regeneration Service of Cornwall Council (in liaison with Housing, Gypsy and Traveller Liaison and other Council officers as necessary and appropriate)</p> <p>The community and other stakeholders will be involved throughout the process of production of the DPD, including through active engagement with specific Gypsy and Traveller and Travelling Showpeople groups and representatives,</p>

	relevant agencies and delivery stakeholders, and the wider community.
Key documents in the evidence base	<p>Cornwall Gypsy and Travellers Accommodation Assessment (October 2006) (GTAA).</p> <p>In view of the lapse in time since preparation of the GTAA, it is planned that the included evidence and recommendations will be supplemented by an 'interim review' of the current situation, to help underpin the DPD and ensure that it is up-to-date, pending future detailed reassessment (expected next in 2011).</p>

Profile 7: Minerals Development Plan Document

Title	Minerals Development Plan Document
Role and Subject	This DPD will set out non-strategic policy and proposals for minerals and will include sites to safeguard mineral resources and associated infrastructure
Geographical coverage	Cornwall
Status	Development Plan Document
Chain of Conformity	South West Regional Spatial Strategy Sits alongside the Cornwall Core Strategy
Key Milestones	
Publication of DPD	June 2012
Submission to the Secretary of State	September 2012
Examination	Jan 2013
Adoption	March 2013
Arrangements for Production	The DPD preparation has now been taken over by the Planning and Regeneration Service of Cornwall Council. Stakeholders and the community will be involved through direct contact with the relevant organisations, groups and individuals and through formal publication procedures as set out in legislation
Key documents in the evidence base	Assessment of mineral/infrastructure safeguarding requirements Mineral resource needs assessment

Profile 9: Affordable Housing Development Plan Document

Title	Affordable Housing
Role and Subject	To provide policy guidance on the approach to achieving a better mix of housing, in particular affordable housing to meet the communities needs. This will be achieved through the identification of targets and thresholds for affordable housing provision.
Geographical coverage	Cornwall
Status	Development Plan Document
Chain of Conformity	South West Regional Spatial Strategy Cornwall Core Strategy
Key Milestones Consult on SA scope Publication of DPD Submission to the Secretary of State Examination Adoption	May 2009 September 2010 November 2010 January 2011 April 2011
Arrangements for Production	To be prepared by the Planning and Regeneration Service of Cornwall Council. Stakeholders and the community will be involved through direct contact with the relevant organisations, groups and individuals and through formal publication procedures as set out in legislation
Key documents in the evidence base	Housing Markets Assessments Strategic Housing Land Availability Survey
