

Reference Number: 101004670010

Response provided under: Environmental Information Regulations 2004

Request & Response:

Request in bold:

I am making a request under the Freedom of Information Act 2000 for details of fly tipping of waste materials including septic tank and cesspool sludge as well as any liquid drainage waste within the boundaries of your local authority. This information may help in establishing the relevant provisions of the DrainSafe scheme.

We should be grateful for location details as well as the substance tipped if this information is available to you.

Clarification requested 12.11.19:

- **Would you like all fly tipping information which includes septic tank and cesspool sludge as well as other material such as fridges, garden waste etc.?**

Or

- **Would you like fly tipping data for septic tank, cesspool sludge and any liquid drainage waste only.**
- **Do you have a timeframe you would like us to provide the information for**

Clarification received 12.11.19:

Fly tipping data for septic tank, cesspool sludge and any liquid drainage waste only. Over the last 12 months.

Response in plain text:

One reported allegation of a drainage contractor fly-tipping a cesspit and its contents in 2014, following works to replace it with a new cesspit. This report was not substantiated as the complainant subsequently reported the waste had been removed prior to the Officer visiting.
