<b>Item</b>	<b>Key/Action Points</b>	<b>Action by:</b>
<b>1.</b>	<b>Welcome and Introductions</b> The Chairman, Cornwall Councillor Derek Holley welcomed all present.	
<b>2.</b>	<b>Devon and Cornwall Police Update – Inspector Rupert Engley</b>	

	<p>Inspector Engley summarised the latest crime figures for the sector (which includes Liskeard, Saltash, Looe and Torpoint), and was pleased to report an overall 10% reduction in recorded crime. Please see attached report.</p> <p>The number of assaults on officers in the sector over the last 12 months is also attached. The CNP were saddened to hear of the increasing number of assaults on officers across the emergency services and welcomed the introduction of the <a href="#">#unacceptable</a> campaign.</p> <p>Positive staffing news for the sector with an increase in response officers; 3 new student officers have started within the last month, a further 3 are due to start in December, 3 external transferees have joined from other forces, as well as 2 internal transfers.</p> <p>Thanks were extended to Inspector Engley and officers particularly with regard to the recent challenges and ongoing Covid restrictions. The excellent partnership working with local organisations including Safer Saltash was also noted.</p>	
3.	<p><b>Public Participation</b> There were no members of the public present.</p>	
4.	<p><b>Government changes to planning system – Louise Wood, Service Director for Planning &amp; Sustainable Development / CC Corporate Leadership Team Rep</b> Louise outlined the Government’s consultation on the proposed reform of the current planning system – please see attached briefing note.</p> <p>The changes aim to streamline and modernise the planning process with a new focus on design and sustainability to ensure that more land is available for development where it is needed. The consultation closes on <b>29th October 2020</b>.</p> <p>The Government has also published a further document on short-term measures which includes changes to the standard method for assessing local housing. The consultation for this document closes on the <b>1st October 2020</b>.</p> <p>Main issues and concerns;</p> <ul style="list-style-type: none"> <li>○ The impact of the changes to permitted development and the Use Classes Order.</li> <li>○ Raising the small sites threshold for affordable housing in urban areas from 10 to either 40 or 50 new homes.</li> <li>○ The new methodology means a requirement to provide around 4,000 homes per annum which is significantly more than the existing standard methodology.</li> <li>○ Redefining housing growth areas – significant amount of work to be done in a relatively short timescale. Capacity and resources to deliver.</li> <li>○ Following a query, it was clarified that changing the use of a village pub would still require planning permission under the proposed changes.</li> </ul>	
5.	<p><b>Grow Not Mow – Jon Mitchell, Public Space Team Leader, Cornwall Council</b> Jon outlined Cornwall Council’s new verge-cutting policy which aims to encourage wildflowers and pollinators, and will see annual cuts reduced to two or three.</p> <p>Cutting will still be undertaken around footpath edges, benches and fixtures, signage, and at junctions and bends ensuring visibility and safety. Noxious weeds will also be removed.</p>	

	<p><b><u>Questions, Comments and Answers</u></b></p> <p><b>Q.</b> There needs to be greater publicity to make people aware of why this is being done. Social media comments say it's just another cost cutting exercise by the Council.</p> <p><b>A.</b> We are aware there has been some negativity and we are proactively addressing this by working with local groups and volunteers to get them actively involved with seed planting etc. Further media coverage is planned and there are QR codes displayed at sites.</p> <p><b>Q.</b> Does it apply to just verges or will it be cemeteries too?</p> <p><b>A.</b> The new policy will apply to verges, recreation spaces, closed churchyards and cemeteries, of which the Council is responsible for 103 closed churchyards and 24 open cemeteries. The link below provides further information on maintenance standards for closed churchyards;  <a href="https://www.cornwall.gov.uk/environment-and-planning/parks-and-open-spaces/closed-churchyards/">https://www.cornwall.gov.uk/environment-and-planning/parks-and-open-spaces/closed-churchyards/</a></p> <p><b>Q.</b> Bug Life has produced a map showing the B-Lines (bee corridors) in England, but there appears to be very few in South East Cornwall?</p> <p><b>A.</b> Jon to seek an update on local initiatives and projects and will report back to the CNP.</p> <p><b>Q.</b> Are there any plans to issue guidance on hedge cutting to landowners and farmers to help encourage pollinators?</p> <p><b>A.</b> Jon to make enquiries and will report back to the CNP.</p>	<p><b>JM</b></p> <p><b>JM</b></p>
<p><b>6.</b></p>	<p><b>Community Network Highways Scheme Update - Catherine Thomson, Community Link Officer and Paul Allen, Highways Manager, CORMAC</b></p> <p>The latest update on the 19 schemes previously approved by the CNP was circulated. There are currently 4 outstanding schemes and it is hoped these will be completed by December.</p> <p>16 expressions of interest have been received for Year 4 schemes which will be considered at the next CNP meeting in December. The estimated total of these schemes amounts to £156,000, which is over the remaining budget of £87,000.</p> <p>This includes underspend of £37,000 from Years 1 to 3, as some schemes came in under budget. The panel will be asked to consider options for how this underspend is utilised i.e. towards the Year 4 schemes or part towards a mobile speed visor scheme for the network area which the CNP also previously wished to explore.</p> <p>It was highlighted that some parishes have benefitted from a number of highway schemes, whilst a few others had none and co-operation to ensure a fair allocation was encouraged for the forthcoming vote.</p> <p>It was clarified that the cost of the mobile speed visor is £18,000 based on 8 to 11 moves per year, however, 24 proposed sites have been put forward by parishes. Due to cost and the length of time it would take for the visor to rotate across the sites, it was agreed that CT will write to parishes asking them to confirm their priority site. Paul will then look at potential costings and suitability of each site.</p> <p>Cllr Bulmer requested an update on the Antony junction. Paul to seek an update.</p>	<p><b>CT</b></p> <p><b>PA</b></p> <p><b>PA</b></p>
