

Erratum.**Proposed amendment to paragraph 19.3.2 of the Climate Emergency DPD.**

Please note that a proposed amendment to paragraph 19.3.2 of the Climate Emergency pre-submission draft under Regulation 19 has been issued. Due to an omission, Porthtowan should have been included within the list of candidate Coastal Change Management Areas. Therefore we are issuing this erratum. The amendment proposes that Porthtowan is included within the list of 'candidate Coastal Change Management Areas (cCCMAs) within paragraph 19.3.2 of the DPD. Additions are shown underlined and in bold.

19.3.2 With storms becoming more severe and additional erosion and flooding threats, we believe that it will be important that the communities that will need to plan for coastal change management are identified. However, we do not believe that this document is the right place to plan for that change for each of the settlements. Therefore, we propose to designate the following areas as 'Candidate CCMAs':

- Bude
- Downderry & Seaton
- Polkerris & Par Sands & Par Docks
- Portmellon
- Coverack
- Praa Sands
- Marazion
- Long Rock, Eastern Green and Chyandour
- Gwithian Beach
- Portreath
- **Porthtowan**
- Perranporth
- Polzeath
- Looe
- Mullion Cove
- Newquay (currently designated under a Neighbourhood Plan)
